STUDIO PORTFOLIO & PROFILE

MOHALKAR ARCHITECTS

& PLANNERS

Designing modern, inspiring spaces for a better tomorrow.

ABOUT THE PRACTICE

Pioneering Contextual & Purposeful Architecture

Mohalkar Architects & Planners is an innovative architectural and master planning consultancy dedicated to creating visionary, sustainable, and high-performance environments. Operating across Pune, Thane, Dharashiv, and western Maharashtra, our practice integrates rigorous design methodology, spatial intelligence, and engineering craftsmanship.

From high-end private residences and modern commercial developments to expansive urban master plans and industrial hubs, we curate spaces that respond contextually to their environment while reflecting our clients' aspirations.

OUR CORE DISCIPLINES & EXPERTISE

1. Architectural Design

Custom villas, residential complexes, bungalows, corporate headquarters, and institutional infrastructure.

2. Urban Design & Planning

Bypass connectivity planning, precinct master plans, smart layouts, public spaces, and municipal zoning.

3. Interior Architecture

Luxury living suites, contemporary executive offices, bespoke millwork, lighting strategies, and acoustic design.

4. Commercial & Hospitality

Three-star luxury hotels, boutique shopping malls, retail flagship outlets, and entertainment venues.

5. Landscape & Site Development

Sustainable outdoor living, courtyard landscaping, stormwater-conscious greenspaces, and native planting schemes.

6. Industrial Projects & 3D BIM

Engineered industrial sheds, factory layouts, pre-engineered building frameworks, and photorealistic 3D visualization.

SIGNATURE HIGHLIGHTS

Tuljabhavani Landmark	Three-Star Hotel & Suites	Modern Bungalow Residences	Industrial Shed & Logistics Hub
Urban / Public Infrastructure	Hospitality Architecture	Luxury Residential	Industrial / Structural

LEADERSHIP & ENGAGEMENT

Our Leadership & Starting Your Project

Ar. Abhishek Mohalkar

Principal Architect & Founder

Leads master architectural planning, zoning, concept ideation, and technical detailing across residential and commercial sectors. Focused on creating timeless structural narratives.

Sujit Mohalkar

Associate Partner & Project Director

Oversees on-site execution, engineering coordination, municipal compliance, and client relationships across Maharashtra.

OUR DESIGN & EXECUTION METHODOLOGY

01 Consultation & Site Brief

In-depth review of spatial requirements, soil/terrain context, orientation, and budget goals.

02 Concept & 3D Visualization

Development of preliminary massing studies, functional floor plans, and realistic renders.

03 Detailed Working Drawings

Full architectural, structural, electrical, plumbing, and municipal approval dossiers.

04 Execution & Quality Oversight

On-site reviews and architectural inspections ensuring precise realization of design.
